*2020: The year we won't forget*

*2020 dawns in the smoke of foreboding*

*Black destruction from north to south*

*Inland the drought continues*

*On the coast – a shepherd's warning*

*Storms batter, turbulent, wild and wet*

*Then...catastrophe...Our world is darkened by a thorny-crowned pestilence*

*Locked down*

*Looking out*

*No touching...no playing*

*Life at home with Zoom*

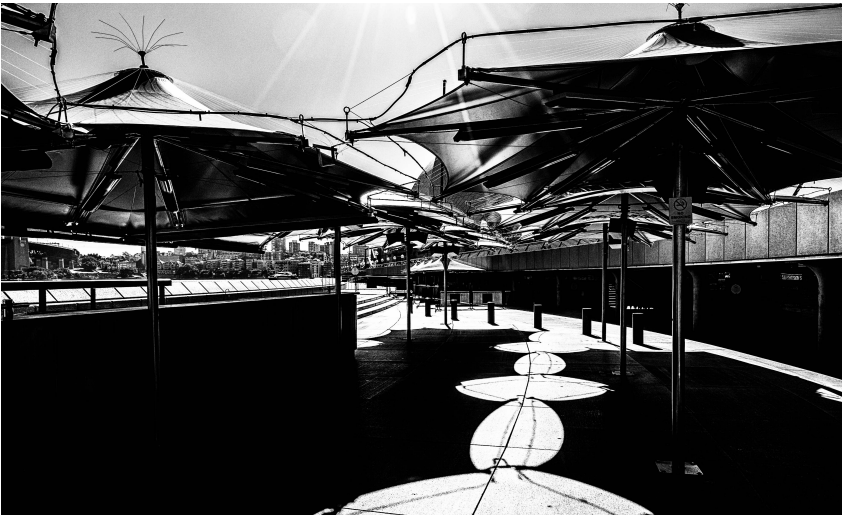

*Visiting from afar*

*No one goes to town*

*Spotlight on emptiness*

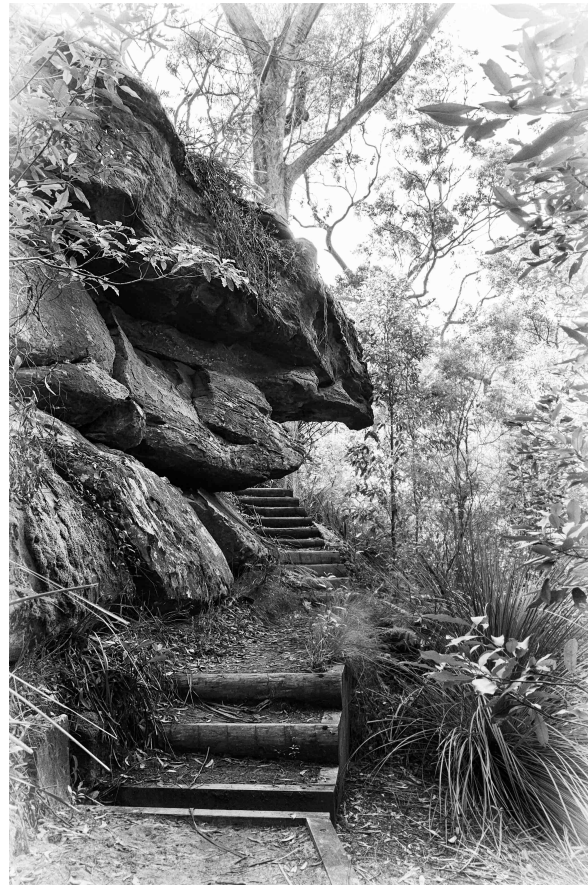

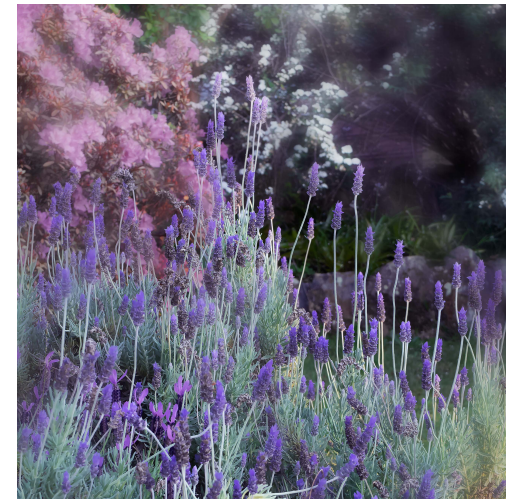

*Lockdown ends – vale to those who have left us*

*Shopping in masks*

*Rediscovering the near-by*

*Hope arrives with the spring*
